# Happy customers, Happy partners

A GROWTH PLAN FOR JLP

SABRA CONSULTING TEAM - GGFBM

# What can we do for the partnership in the wake of **Brexit** & looking forward to **2028**

Happy customers, Happy partners

# Analysis

## Strengths

Known for service

Known for quality

HRM as a strength

The company has a strong brand that should be utilized

**Analysis** 

# Challenges - Brexit

- > What will happen to the costs of imported goods?
  - Where can the company recruit warehouse workers?
  - > What is the best format for the supply chain?

Brexit imposes multiple threats

## Challenges – The future

What will the work force look like in 2028?

Robotics instead of people, online commerce continually growing

Looking ahead, we must be pro-active and not reactive

## Competition – Department stores

Fragmented stores, fragmented competition

Mark's & Spencer's

Harrods

Dickens (electronics) H&M (fashion) Nike (sports) Etc.

The competition in department stores is fierce

**Analysis** 

## Competition – Department stores

#### Online

Amazon and Hellofresh heavy competitors

- They have no stores to upkeep
- Both are big enough to endure change

Online retail is the place to be

Analysis

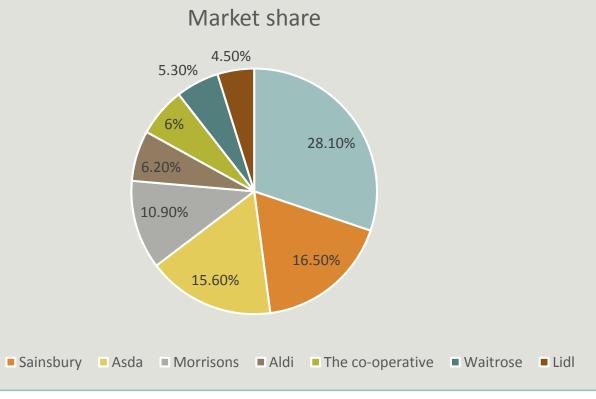

#### Waitrose

- Quality food
  - Agile store concept
- Fitting local sustainable and healthy trend

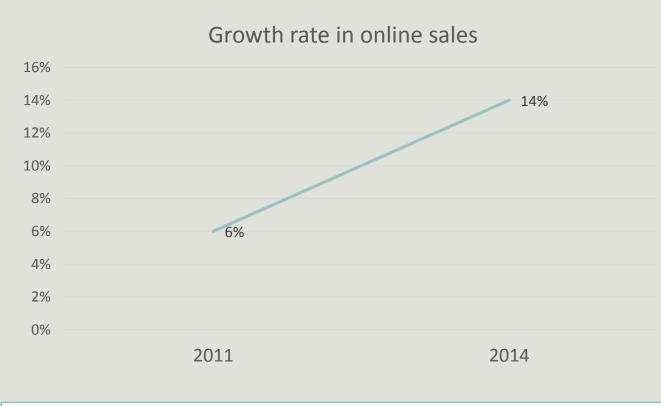

Waitrose is a good investment for the future

### Waitrose - Competition

Waitrose has room for growth in this segment

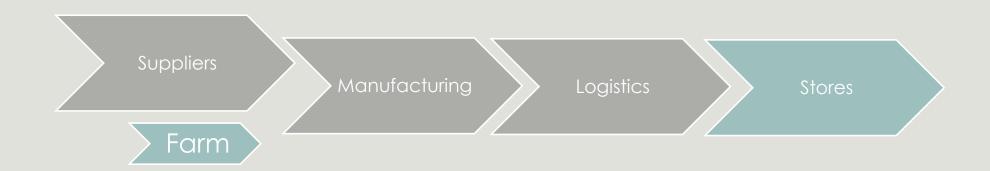

#### "Bricks and Clicks"

- Online is growing and expected to continue to grow
  - Waitrose allow pickup at various locations
- Online requires great customer service

Online is a valuable investment

#### Value Chain

There is room to grow within the value chain

# Implementation

Happy customers, Happy partners

Increase Waitrose market share

Develop Online What?

- > Purchasing manufacturing plants in:
  - Dairy
  - > Grain
  - > Whine
  - Veg packaging

Increase Waitrose market share

Develop Online Mhàs

- > Create jobs for the low wage partners:
  - > Manufacturing line
    - Storage
    - Packaging
      - > Etc.

Increase Mhàs Backward Develop Waitrose Integration Online market share Business chain Manufa Stores Logistics cturing Farms, dairy etc. Manufa cturing

Self sustainable and protected from Brexit

Increase Waitrose market share

Develop Online Mhàs

> Creating higher margins

Increase Waitrose market share

Develop Online

- > 2018 2020: Training of low wage workers
- 2018 2019: Purchasing 5 dairy and whine manufacturing plants
  - >2020 2021: Purchasing 3 vegetable packaging plants
- 2020 2025: Purchasing 4 grain manufacturing plants

Increase Waitrose market share

Develop Online What?

- > Focusing on Waitrose growth
  - > Improving online services
- > Implementing technological change in stores
  - > Keeping excellent customer service

Increase Waitrose market share

Develop Online Mhàs

New jobs in customer service and customer success

Increase Waitrose market share

Develop Online Mhhs

- Waitrose will enjoy strong value chain
- > Waitrose is not strongly effected by Brexit

Increase Waitrose market share

Develop Online

- > Potential growth in market share 6.4%
  - > Strong revenue channel

Increase Waitrose market share

Develop Online

- 2018 2020: Training talents from low wage workers to customer service
- ≥2018 2021: developing online division with 3<sup>rd</sup> party company
  - >2020 2025: implementing technological change

Increase Waitrose market share

Develop Online What?

- > Develop online services
- > Decreasing department stores physical shops

Increase Waitrose market share

Develop Online Mhàs

> Shifting to jobs that will survive tech disruption

Increase Waitrose market share

Develop Online

- Answering world trend
- Reducing physical department stores to lower expenses

Backward Integration Increase Waitrose market share

Develop Online

- ≥2018- 2021: improving online services through 3<sup>rd</sup> party company
  - > 2018-2028: gradually closing department stores and reducing them from 34 to 10
