# WEALTH DISPARITY – AN EMERGING GLOBAL ISSUE

FIA CONSULTING (BRAZIL)

EZEQUIAS RODRIGUES

MARIANA PINTO

NATASHA MUNHOES

NATHAN MENDES

# WEALTH DISPARITY HAS INCREASED OVER THE YEARS AND CAN BE A LEVERAGE TO THE SOCIETY COLLAPSE

1

Capital is being better paid rather than work

2

There is no indicator on improvements to reduce wealth disparity

3

Biggest revolutions in the past happened during severe crisis with population (hunger & health issues)

**WE BELIEVE IN COORDINATED ACTIONS BETWEEN GOVERNMENTS,  
CORPORATIONS AND WEALTHIEST INDIVIDUALS THROUGH UNITED NATIONS  
TO DECREASE WEALTH DISPARITY AND SOCIAL GAP IN SOCIETY**

**United Nations**

**Society**

**Government**

**Wealth  
Individuals**

**Companies**

**Wealth Disparity 2030 protocol**

# EVALUATION OF ALTERNATIVES

- Voluntary actions from developed countries' governments towards poorest countries (e.g. direct donations)
- Social investments from companies to decrease wealth disparity
- Isolated actions from wealthiest individuals to specific countries
- Coordinated actions within society, involving governments, companies and wealthiest individuals

## RISKS AND MITIGATION

Risks	Mitigation
Low commitment of companies and wealthiest individuals	Commitment of nations to offer incentives to companies and individuals that agrees on participating on the Wealth Disparity 2030 protocol
Corruption	Transparent and periodic audit and public reporting by inter-nations committee
Conflicts of interest	Global agreement and governance committee to define top priorities of the program

**THROUGH UN MANAGEMENT, RESOURCES FROM THE COALITION MADE BY GOVERNMENT, COMPANIES AND WEALTHIEST INDIVIDUALS SHOULD BE DIRECTED TO DECREASE WEALTH DISPARITY GAP AMONG NATIONS.**

# WE HAVE SETTLED A HIGH-LEVEL IMPLEMENTATION PLAN FOR THIS INITIATIVE

## Short-term (1 year)

- Define priorities
- Set governance (roles and responsibilities)
- Align targets and timing
- Refine operating model

## Mid-term (2 years)

- Select projects
- Collect donations
- Divide teams' structure
- Start investments

## Long-term (6 years)

- Reevaluate ambitions
- Evaluate long-term impacts
- Review program goals

# GLOBAL GDP WAS OF USD 84.7<sup>1</sup> TRILLION DURING 2020. 5% OF GLOBAL GDP WOULD BE NEEDED TO TACKLE THIS CHALLENGE BY 2030

## Program investment & cost
